

Announcing the Premiere of a film of a major Talk by Bob Avakian in the Fall of 2012:

BA Speaks: REVOLUTION— NOTHING LESS!

“Yes, this is a film, but that is not its essence. This is a daring, substantive, scientific summoning to revolution. 6+ hours that can change how you see the world and what you do with the rest of your life. Is this hype? No.”

From one of the filmmakers

If humanity is going to fight its way out of this horrific nightmare and create a world where human beings can rise to their full potential and truly flourish, it will be because of the work and leadership of Bob Avakian. And it will be because people—beginning with YOU—get into this work, get with this leadership, and fight for others to do the same.

In March, a new film of a major speech given by Bob Avakian in the fall of 2012 will premiere. This film can make a world of difference in a world that needs nothing more than to be radically different. Whether that happens depends on us.

In darkened theaters in major cities around this country, crowds will settle into their seats and voices will hush as the leader of the revolution is projected onto the big screen. *BA Speaks: Revolution—Nothing Less* will open people’s eyes to the world around them as they have never seen it before.

It is possible to put an end to a situation where 10 million children die in the Third World each year from malnutrition and preventable disease...

It is possible to end the centuries of terror, brutality, exploitation, and now mass incarceration of Black people, and the oppression of other peoples of color that this system has fed off and still feeds off...

It is possible to create a world without the global epidemic of rape, violence, oppression, and degradation of women...

It is possible to end forever the devastation of war and to take dramatic steps to overcome the environmental emergency and halt the destruction of the environment...

It is possible for people—including people who today are caught up in all kinds of bullshit, some of it quite harmful—to rise up above the muck and mire and become emancipators of humanity...

It is possible to end the exploitation at the root of it all, the insane profit-driven madness of capitalism

that leaves billions in misery—and all of humanity alienated from and pitted against one another...

It is possible to bring into being a world where people contribute what they can and get back what they need to not only survive, but to really flourish culturally, intellectually, and in their interactions with each other...

But all this requires: **REVOLUTION—NOTHING LESS!**

And when **BA Speaks**, it is clear that there is the vision and concrete plan for a whole new, and radically better, world. When **BA Speaks**, you learn about the scientific understanding and the strategy necessary to make this revolution—this real communist revolution—to bring in a whole new epoch where humanity can truly flourish, free from all forms of exploitation and oppression. When **BA Speaks**, you see and hear the leadership of this revolution.

REVOLUTION—NOTHING LESS! This movie will be here, soon. The problem—and the solution—will be here. And YOU need to be here. Up against all this, it is not acceptable to simply look out for yourself or your family. It is not acceptable to try to do a little bit of good in your small corner of the world, while life on this planet grows more hellish each day. And no, it is not even acceptable to let the many truly crushing horrors and sacrifices of life keep you from engaging these answers.

As BA has said, “If you’re serious—and this is serious—dig into it and learn about it. That’s your responsibility.”

REVOLUTION—NOTHING LESS!

Don’t miss it.
