

THIS IS A BARBAROUS CRIME AGAINST HUMANITY...

On Tuesday, March 22, 2016, forces associated with Islamic fundamentalist jihad carried out two bomb attacks in Brussels, Belgium, at the airport and at a subway station. Ordinary people going about their business were struck—more than 30 were killed and hundreds more wounded.

On Tuesday, March 15, 2016, U.S.-supplied fighter planes of Saudi Arabia's Air Force bombed a market in Hajja province north of Yemen's capital Sana'a. Ordinary people shopping for food and other essentials or going about their business were hit—119 were killed, including 22 children.

For a year now, since March 2015, Saudi Arabia has been carrying out a ruthless bombing campaign in Yemen in an attempt to re-establish its domination over the country. The oppressive Islamic fundamentalist Saudi regime is a key element of U.S. domination in the region and the U.S. is providing the planes, bombs, and "logistics/intel" that guide where the bombs are dropped. More than 6,200 civilians have been killed, millions have been displaced and the poorest Arab country has been pushed to the edge of famine. One in three Yemeni children under five—1.3 million—are now acutely malnourished, with nearly 10 million struggling to survive without clean water. This slaughter of innocent civilians is fundamentally "MADE IN THE USA."

The horrendous crimes in Brussels and Yemen are reactionary attacks in the service of reactionary agendas—aimed at chaining people into social relations of exploitation and oppression: On the one hand, fundamentalist Islamic jihad with its form of enslavement, oppression, and atrocity, against women and the masses of people as a whole; and on the other hand, the system of capitalism-imperialism, in particular U.S. imperialism, which oppresses and exploits the people and carries out far greater crimes all over the world.

But humanity has reached a point where BOTH of these outmoded reactionary forces can be swept away. This will require a communist revolution to bring an end, at long last, to all oppression, everywhere.
