# **What Would You Give for 2024 to Be Our Year—a Year of Revolution?**

## **\$10,000 Needed for Website Revcom.us by March 1—Give Now!**

January 22, 2024

From the genocide in Gaza, to the growing threat of world war between nuclear powers, to escalating environmental devastation... the capitalist-imperialist system ruling over us is a horror for billions around the world and is tearing up the fabric of life on earth. Now the all-out battle within the U.S. ruling class, between fascist Republicans and war criminal Democrats, is coming to a head—likely during, or before, the coming elections. This is shredding the “normal” ways this system works and ripping society apart unlike anything since the Civil War.

Yet as Bob Avakian (BA), revolutionary leader and author of the new communism, has scientifically analyzed, the rare and real chance to make revolution, overthrow this whole monstrous system, and wrench out something truly liberating could emerge from this cauldron of horrors...

... *if* thousands are won through struggle to become followers of BA and step into the revolution NOW... *if* that organized force gains the strength to impact major battles and the thinking of millions... *if* that force grows and coheres to be able to determine the whole direction of society—toward revolution and humanity’s emancipation—in the moments of acute crises that are shaping up this year.

We, the revcoms (revolutionary communists), are building that force—and **YOU need to contribute and be part of it!**

That’s right: We ARE doing this, moving now to seize on this time. Nobody else is even talking about this—and yet isn’t this what is needed? Isn’t time running out—for humanity?

Yes, making this revolution is hard. But we have the leadership for this in Bob Avakian, BA. BA has developed the strategy that could do this; he’s laid out the sweeping vision, solid foundation and concrete blueprint for “what comes next” in the *Constitution for the New Socialist Republic in North America*; and he’s out there now on social media, breaking this down for people every week and sometimes more.

**The website revcom.us follows and *applies* that leadership and is essential to all this.**

**We post new materials from BA and curate his whole body of work. We apply the science he’s developed to analyze and expose every key event in society, every week. We act as a guiding and connecting hub for the growing revcom movement nationwide: not just showing what’s being done, but going into what’s right and what’s wrong and rapidly learning—and recruiting new people into what has to be a rapidly growing force.**

**Put it this way: there will be no revolution unless this website not only “keeps going” but *goes up to a whole different level!***

**This Is Where You—and Your Serious Financial Support Come In!**

On January 7, the revcoms completed a successful fundraising livestream that surpassed our \$25,000 goal and raised over \$27,000. This was urgently needed for the revcoms to step off at the start of this momentous year. But in order to really make this our year, **much more is needed** for all facets of the revolution.

That **“MUCH MORE”** includes a special drive to raise \$10,000 by March 1 to meet the immediate financial needs of **revcom.us**. These funds are required to maintain revcom.us as an accessible, secure, robust website able to rise to the challenge of meeting the extraordinary demands of navigating the storms and preparing for revolution in this pivotal, unprecedented year.

**So what should you give to make 2024 our year—a year of revolution? Everything you possibly can! DONATE NOW to revcom.us and get with BA and the revcoms!**
