

You cannot break all the chains, except one. You cannot say you want to be free of exploitation and oppression, except you want to keep the oppression of women by men. You can't say you want to liberate humanity yet keep one half of the people enslaved to the other half. The oppression of women is completely bound up with the division of society into masters and slaves, exploiters and exploited, and the ending of all such conditions is impossible without the complete liberation of women. All this is why women have a tremendous role to play not only in making revolution but in making sure there is all-the-way revolution. The fury of women can and must be fully unleashed as a mighty force for proletarian revolution.
