

***Climate... War... Fascism
The Future of Humanity Is Endangered***

***Join the Nationwide Efforts to
Get REAL REVOLUTION Known Everywhere***

**REVOLUTION—NOTHING LESS! WEEK:
OCTOBER 28 TO NOVEMBER 5**

To everyone who can't stand this world the way it is... who is sick and tired of so many people being treated as less than human... who has ever dreamed of a much better world, or even wondered whether that is possible:

THE REVOLUTION CALLS ON YOU to be part of making real revolution known to millions nationwide. Bring hope to others while you learn more about this yourself.
No Experience Required

The world is on fire! Climate destruction... nuclear war threatened... a horrifying genocidal war being waged on the people of Gaza by Israel, *backed by the U.S.*... the direct danger of all-out fascism in this country... the *worsening* oppression of Black and Brown people, of women, of LGBTQ people...

NO MORE! *This system of capitalism-imperialism that we live under is the cause of all this tremendous suffering and destruction of life here and around the world.*

People have tried all kinds of changes *within* this system, but all these reforms never get to the root of the problem. To really put an end to these horrors brought down by this system, we need **REVOLUTION NOTHING—LESS!** NOT voting, praying or wasting time trying to reform it.

No! We need to *get rid* of this system, uproot it, overthrow it and put something totally different in its place—a fundamentally different system. People need to get with and follow the revcoms. NOT the lying politicians and media mouthpieces... NOT those who front for the oppressors and preach about “reconciliation” with this system... NOT people trying to be the top dog in this dog-eat-dog system.

Word of this revolution needs to get out, *urgently*. And people need to be organized for this revolution. This involves challenging all these oppressive ways of thinking and acting. From October 28 – November 5, join a force nationwide struggling against all of that:

***Live by and Fight for the Points of Attention,
The Code of the Revolution!***

We will project a serious force for revolution, through people living by and fighting for the **Points of Attention for the Revolution**. (See below.) These concentrate the world we are fighting for. This week and beyond, live by these.

***Get With Bob Avakian (BA),
The Leadership We Have for the Revolution We Need!***

We will bring Bob Avakian's leadership from the neighborhoods to the college campuses showing **The Bob Avakian Interviews on *The RNL—Revolution, Nothing Less!*—Show** everywhere. Real liberating revolution requires great leadership, and we have that in Bob Avakian (BA). For over 50 years, BA has dedicated his life to revolution and given his heart for humanity. He has developed a new communism and the roadmap to organize now for the time when millions could make and win a real revolution. BA has done something which no one has done before—written the **Constitution for the New Socialist Republic in North America**, which provides a sweeping vision, a firm foundation, and a concrete blueprint for a new society. ►

You need to know about and engage BA through these interviews, which address the biggest questions confronting humanity: Why, despite how it appears on the surface, revolution has become more possible—even in this powerful country? What is science and why do we need it to make revolution? What has sustained him on the revolutionary road? BA answers these questions and more in The BA Interviews, which you can watch on Youtube.com/The Revcoms. Be part of spreading this while you're digging into it.

Stand Against the U.S.-Backed Israeli War on Palestine!

The state of Israel—fully backed and funded by U.S. imperialism—is actively committing a genocidal war on Palestinian people in Gaza. They're dropping thousands of bombs and slaughtering thousands of people, including children. Over 2 million people are trapped. People in the U.S. have a special responsibility to rise up in mass protest to demand that this STOP NOW! And to work urgently for a real revolution to overthrow the whole system of capitalism-imperialism that is causing this nightmare. This is the message we'll bring all over society—to protests, campuses and neighborhoods... wherever people are being jolted by what's happening, and agonizing about why and what's needed.

From the U.S. ghettos and barrios to the people of Palestine: The people of the world need an emancipating revolution!

We Need and We Demand: A New Emancipating Way to Live A Fundamentally Different System!

Points of Attention for the Revolution

***The Revolution Club upholds,
lives by and fights for the following principles:***

- 1** We base ourselves on and strive to represent the highest interests of humanity: revolution and communism. We do not tolerate using the revolution for personal gain.
- 2** We fight for a world where ALL the chains are broken. Women, men, and differently gendered people are equals and comrades. We do not tolerate physically or verbally abusing women or treating them as sexual objects, nor do we tolerate insults or "jokes" about people's gender or sexual orientation.
- 3** We fight for a world without borders, and for equality among different peoples, cultures and languages. We do not tolerate insults, "jokes" or derogatory names about a person's race, nationality, or language.
- 4** We stand with the most oppressed and never lose sight of their potential to emancipate humanity—nor of our responsibility to lead them to do that. We work to win people of all backgrounds to take part in the revolution, and do not tolerate revenge among the people.
- 5** We search for and fight for the truth no matter how unpopular, even as we listen to and learn from the observations, insights and criticisms of others.
- 6** We are going for an *actual* overthrow of this system and a whole better way beyond the destructive, vicious conflicts of today between the people. Because we are serious, at this stage we do not initiate violence and we oppose all violence against the people and among the people.
