

All the Outrages Against the People and the Planet MUST STOP!

There is something new afoot in the country.

When people at the bottom of society rose up in Ferguson, Missouri, against the police murder of Michael Brown, their spirit spread around the world. Whether you stood with the people in demanding that police murder stop, that there be justice, became a dividing line. Which side were you—ARE you—on?

When the killer of Michael Brown was not even indicted, and when the same thing happened in the equally notorious case of Eric Garner, the spirit of resistance... of shut it *down*... roared through society, and onto the campuses, and then back out again. The thinking of millions of people was challenged, and began to change—worldwide.

This in turn gave heart and militancy to fights against other outrages where they were already taking place. This new spirit has to grow, and has to go back on the offensive and spread. Many people want to break out of seeing these struggles as things unto themselves—they want to find the links and take up the fights on many fronts. On every campus, in every part of society, there needs to be a movement to actually STOP the systemic outrages and horrors that millions—no, billions—of people face.

STOP GENOCIDAL PERSECUTION, MASS INCARCERATION, POLICE BRUTALITY AND MURDER OF BLACK AND BROWN PEOPLE!

STOP THE PATRIARCHAL DEGRADATION, DEHUMANIZATION AND SUBJUGATION OF **ALL WOMEN EVERYWHERE**, AND ALL OPPRESSION BASED ON GENDER OR SEXUAL ORIENTATION!

STOP WARS OF EMPIRE, ARMIES OF OCCUPATION, AND CRIMES AGAINST HUMANITY!

STOP THE DEMONIZATION, CRIMINALIZATION AND DEPORTATIONS OF IMMIGRANTS AND THE MILITARIZATION OF THE BORDER!

STOP CAPITALISM-IMPERIALISM FROM DESTROYING OUR PLANET!

The broader and deeper that each of these struggles spreads and the more determined they grow, demanding that the outrages STOP, the more that millions will be driven to question what they once assumed or never thought about, and the more that new possibilities for a society in which justice is possible will become debated and possible. The more *organized* that people become around STOPPING all this, the more powerful will be the movement. **The more that people fighting on one front become fighters on every front, the stronger each of these battles becomes... and the chance for basic, fundamental change throughout society becomes more real.**
