

# WANTED FOR MASS MURDER

## The Bush Regime

The Bush regime is wanted for the murder of over 1,800 people in the New Orleans area at the time of Hurricane Katrina in August 2005—and for their continuing criminal actions that have caused the suffering of hundreds of thousands since then. These gangsters:

- Slashed the funds for flood control and environmental preservation that could have saved many lives.
- Trapped at least 100,000 people in New Orleans as Katrina hit by refusing to provide them a means to leave.
- Denied the stranded people water, food, health care and other vital necessities, and rounded them up into modern-day slave ships.
- Have prevented hundreds of thousands of displaced people from returning to New Orleans, forcing many of them to live in cramped trailers with high levels of toxic chemical contamination.
- Are pursuing policies that have kept much of New Orleans a wasteland—most public housing remains closed, the one hospital that provided almost all the medical care for the poor is shut down, plans are to bulldoze much of the Black Lower 9th Ward, etc.
- Continues to enforce and promote the most blatant racism.

The Bush regime must be held politically accountable for these unacceptable and unconscionable crimes and *driven from office*—NOW!

**WARNING:** This regime is extremely dangerous and must—and can only—be stopped by millions of people taking mass, independent political action.
