

In 2003 Chairman Bob Avakian delivered an historic talk in the United States, now available in video. This talk is a wide-ranging revolutionary journey. It breaks down the very nature of the society we live in and how humanity has come to a time where a radically different society is possible. **Full of heart and soul, humor and seriousness, it will challenge you and set your heart and mind to flight.**

**BOB AVAKIAN** is a creative and wide-ranging thinker who maintains a profound sense of the actual struggles, trends and sentiments among the masses, the movements of opposition, and society broadly. And, he is the leader of the Revolutionary Communist Party, USA, which is seriously setting its sight on the seizure of power right within the U.S. itself, and the revolutionary transformation of society as part of the world proletarian revolution. **He will take you on a journey that can change your life.**

*"In times like these, this clear voice for social change is a welcome relief from all the confusion and lies. Listen, and you will truly hear a voice of reason, with sharp analysis and deep understanding, going up against the tide of injustice and oppression. Of crucial importance is the fearless opposition to the rise of the Christian right and its pernicious effect on the political and cultural life in this country. While you might not agree with everything he says, he will challenge you with his insights and a clarion call to what must be done."*
