

*Immigrants are full human beings, not “illegals” or criminals, to be demonized, terrorized, hunted down, locked up, and thrown out.*

# The Trump/Pence Regime on Immigrants:

## What they have done

- One of Trump's first acts in office was an executive order targeting all 11 million undocumented immigrants for deportation, regardless of any supposed criminal record.
- Arrests of immigrants are up almost 40 percent from the record highs under Obama.
- Every day since Trump/Pence came into office, over 400 people have been ripped away from their lives, families, and jobs by the Immigration and Customs Enforcement (ICE).
- Trump officials claim the Deferred Action for Childhood Arrivals (DACA) program that gave temporary deportation relief to 750,000 mostly young immigrants (“DREAMers”) brought to the U.S. without documents when they were children is “under review”—but ICE agents have already arrested some DREAMers, like 22-year-old Daniela Vargas in Jackson, Mississippi.
- In prepared remarks for an appearance at the U.S.-Mexico border, Attorney General Jeff Sessions wrote: “It is here, on this sliver of land, where we first take our stand against this filth.... This is a new era. This is the Trump era.”
- Over the June 10 weekend, at least 114 Iraqi immigrants—nearly all Christians who face extreme persecution and threat of death if deported—were rounded up in SWAT-team type raids by ICE agents in Detroit.
- Trump's Department of Homeland Security appointed the former director of the virulently xenophobic group FAIR as an “ombudsman” whose role is supposedly to advocate for immigrants whose citizenship or visa applications have run into problems.

## What they said they will do

- To step up anti-immigrant operations, the Trump/Pence regime plans to hire 5,000 more Border Patrol cops and 10,000 more Immigration and Customs Enforcement (ICE) agents in the coming months and years.
- Plans for Trump's wall for the border with Mexico are going ahead, with the regime calling for the allocation of several billion dollars to start the construction even as Trump continues to insist Mexico will be forced to pay for the total cost of tens of billions.
- Trump/Pence announced at end of June they will begin arresting parents and other relatives who hire “coyotes” to help their children cross the border into the U.S.
- Trump's Pentagon is considering reneging on enlistment contracts for 1,000 foreign-born recruits without legal immigration status, who had been promised a path to citizenship for serving in the military—making them targets for deportation.

## What they have unleashed nationally

- Among the barrage of Republican anti-immigrant bills now in Congress is the Davis-Oliver Act which, among other things, would turn civil immigration infractions into criminal violations punishable by prison, expand immigration prisons, require local law enforcement to hand over to Department of Homeland Security a wide range of data on all immigrants who are arrested and suspected to be undocumented, and other draconian measures.
- States are also passing anti-immigrant laws; for example, the SB4 law signed by the Christian fascist Texas governor Abbott, requiring that local law enforcement detain a person they suspect of being undocumented until their immigration status is checked—the law effectively bans sanctuary cities and campuses in the state.
- Trump created a new government office under Homeland Security, called VOICE, which will “publicize” supposed crimes committed by undocumented immigrants. This anti-immigrant propaganda office is part of whipping up a climate of hatred and terror against immigrants.
- Among the victims of Trump-era anti-immigrant violence: Srinivas Kuchibhotla, an immigrant from India, who was murdered in February in Kansas by a white man shouting “Get out of my country” as he fired his gun.
