# **WE NEED AN ACTUAL REVOLUTION! AND WE NEED YOU TO BE PART OF IT!**

We, the masses of people worldwide, need a revolution. This system cannot be reformed. It must be overthrown. The Revolutionary Communist Party, led by Bob Avakian, the most radical revolutionary on the planet, is organizing thousands right now into the movement for an ACTUAL revolution, to overthrow this system. The guide to making this revolution is *HOW WE CAN WIN—How We Can Really Make Revolution*, which you can get right now from one of the Revolution Club members or supporters in the crowd.

And we need this revolution *as soon as possible!* To take just one horrible example, look at everything concentrated in the recent Supreme Court decision upholding the “right” of businesses to refuse service to gay people, or the attacks on the right of trans people to live as they are, or any number of horrible attacks now going on. Right now, there is a fascist regime in the White House. There are judges being installed up and down the court system by the Trump/Pence regime to enforce a Christian-fascist agenda. This agenda includes oppression and suppression of LGBTQ people *and* the enforcement more generally of rigid gender oppression, including the patriarchal degradation, dehumanization and subjugation of all women everywhere.

This is intolerable and it is unnecessary—people don’t need to live this way and must not be forced to live this way. But this patriarchal oppression is *built into a whole system* of capitalism-imperialism.

This outrage goes along with the genocidal persecution, mass incarceration, police brutality and murder of Black and Brown and Native American people; wars of empire, armies of occupation and crimes against humanity; the demonization, criminalization and deportation of immigrants and the militarization of the border; and the destruction of our planet by capitalism-imperialism. You cannot stop any of these horrors so long as we have this system; they are ALL built into its functioning. This system cannot be reformed. **IT MUST BE OVERTHROWN!**

We need to stop ALL these outrages and move beyond ALL relations of exploitation and oppression. And to do that **WE NEED AN ACTUAL REVOLUTION!**

Revolution does not mean some minor changes *within* this system. Revolution means the actual overthrow—yes, overthrow—of this system, through actually defeating its armed forces of oppression and repression, when the necessary conditions (a revolutionary situation and a revolutionary people in the millions) have been brought into being. This revolution will dismantle the institutions of this capitalist-imperialist system and build a whole new society on a radically different economic and political basis.

Everything the Revolution Club does is aimed at getting to the point where millions could be led to fight, all-out, with a real chance to win—to *really* make revolution. This revolution will replace this system of capitalism-imperialism with a far better system—**one that is truly emancipatory**—as embodied in the *Constitution for the New Socialist Republic in North America*. This revolution has the leadership to do this in Bob Avakian—who has brought forward a *NEW COMMUNISM*, a way to understand and transform the whole world. It is time for all of us who cannot stand the way people have to live today to become part of this process, to check out, get with and **enlist** with the Revolution Club.

Join—enlist in—the Revolution—NOW!
