

The role of the police is not to serve and protect the people. It is to serve and protect the system that rules over the people. To enforce the relations of exploitation and oppression, the conditions of poverty, misery and degradation into which the system has cast people and is determined to keep people in. The law and order the police are about, with all of their brutality and murder, is the law and the order that enforces all this oppression and madness.

Bob Avakian
Chairman of the
Revolutionary Communist Party, USA
