

***You Think You're Woke...***

***But You're Sleepwalking Through A Nightmare —***

***What Kind of World Do You Want To Live In?  
This System Cannot Be Reformed,  
It Must Be Overthrown!***

To you who are fed up with this society and “solutions” that are no solution...

To you who are angry and defiant and want to see an end to the white supremacy, the patriarchy and its many forms of gender oppression, the persecution of immigrants, the imperialist wars and occupations and threats, and the capitalist plunder and destruction of the environment—an end to all, or any, of the horrible forms of oppression and exploitation that define and intertwine with this capitalist-imperialist society...

To you who seek not justice for yourself or even just your own people, but the Emancipation of ALL Humanity...

**We have two choices: either we live with all this—and condemn future generations to the same, or worse, if they have a future at all—or, we make revolution!**

**This is what we are going to work on NOW.** There *is* a **scientific approach** that makes clear this madness is *unnecessary*. There is an actual **plan** for a radically better society on the road to wiping out *all* exploitation and oppression and emancipate humanity. There is a **strategy** to get the millions needed to make that happen. There is the **leadership**, in Bob Avakian (BA), the architect of the *new communism* and the leader of the revolution. These are great strengths on the people's side. But, what is now missing and urgently needed is YOU—to get with, support, and become an organized part of the revolution.
