

**L**ook at what this system is doing to youth right here in the USA. For millions in the inner cities, if they are not killed at an early age, their likely future is prison (nearly 1 in 8 young Black men is incarcerated, the prisons are overflowing with Blacks and Latinos, and this country has the highest rate of incarceration of women in the world). This system has robbed so many youth of the chance for a decent life and has got far too many living, dying and killing for nothing—nothing good—nothing more than messing up people and murdering each other on the streets of the cities here...or joining the military, being trained to be murderers on a mass scale, massacring people in countries across the globe. A system which offers millions and millions of youth no greater purpose, no better fate, than crime and punishment, or to become a mindless killing machine for the system itself—that alone is reason enough to sweep this system from the face of the earth!
