An actual revolution does not mean trying to make some changes within this system—it means overthrowing this system and bringing into being a radically different and far better system. This system of capitalism/imperialism cannot be reformed. There is no way, under this system, to put an end to the brutality and murder by police, the wars and destruction of people and the environment, oppression and degradation of millions and billions of people, including half of humanity.

To make this revolution, we need to be serious, and scientific. We need to take into account the actual strengths of this system, but more than that its strategic weaknesses, based in its deep and defining contradictions. We need to build this revolution among those who most desperately need a radical change, but among others as well who refuse to live in a world where this system spares forth endless horrors, and this is continually “justified” and even glorified as “greatness.”

We need to be on a mission to spread the word, to let people know that we have the leadership, the science, the strategy, and program, and the base for organizing people for an actual, emancipating revolution. We have Bob Avakian (BA) the leader of this revolution and the architect of a new framework for revolution, the new synthesis of communism. We have the Party led by BA, the Revolutionary Communist Party, with this new synthesis as its scientific basis to build for revolution. We have the Revolution Club, where people can take part in and powerfully represent for the revolution in an organized way, as they learn more about the revolution and advance toward joining the Party. We have the website of the Party, revcom.us, and its newspaper Revolution, which sharply expose the crimes of this system, scientifically analyze why it cannot be reformed, and give guidance and direction for people to work in a unified way for revolution. We have the Constitution for the New Socialist Republic in North America, USA, and adopted by the Party’s Central Committee, which provides a sweeping and concrete vision and “blueprint” for a radically new and emancipating society. People in the inner cities, and in the prisons, students, scholars, artists, lawyers and other professionals, youth in the suburbs and rural areas—people in all parts of society—need to know about this and seriously take it up.

Those who catch the worst hell under this system, and those who are sickened by the endless outrages perpetuated by this system, need to join up with this revolution. Thousands need to get organized into the ranks of the revolution now, while millions are being influenced in favor of this revolution. We have seen the potential for this in the protests that have taken place against police brutality and murder, and other ways in which large numbers of people have gone up against the established authorities and the political “rules of the game.” But this needs to be transformed, through struggle, into revolutionary understanding, determination, and organization. The organized forces and the leadership of this revolution must become the “authority” that growing numbers of people look to and follow—not the lying politicians and media of this oppressive system—not those who front for the oppressors and preach about “reconciliation” with this system—not those who turn about “reconciliation” with this system—not those who turn to “encircle” them—by bringing forth wave upon wave of people nipping in to defeat this system.

All this is aiming for something very definite—a revolutionary situation. Where the system and its ruling powers are in a serious crisis, and the violence they use to enforce this system is seen by large parts of society for what it is—a murderous and illegitimate. Where the conflicts among the ruling forces become really deep and sharp—and masses of people respond to this not by falling in behind one side or the other of the oppressive rulers, but by taking advantage of this situation to build up the forces for revolution. Where millions and millions of people refuse to be ruled in the old way—and are willing and determined to put everything on the line to bring down this system and bring into being a new society and government that will be based on the new synthesis for the New Socialist Republic in North America. That is the time to go all-out to win. That is what we need to be actively working for and preparing for now.

Revolution—protest and resist the injustices and atrocities of this system, and win people to defy and repudiate this putrid system and its ways of thinking, and to take up the outlook and values, and the strategy and program of the revolution, build up the forces for this revolution, and defeat the attempts of the ruling powers to crush the revolution and its leadership. With every “jolt” in society—every crisis, every new outrage, where many people question and resist what they normally accept—we need to seize on this to advance the revolution and expand its organized forces. We need to oppose and disrupt the moves of the ruling powers to isolate, “encircle” BA, mass immure and murderously repress the people who have the hardest life under this system and who most need this revolution. We need to “encircle” them—by bringing forth wave upon wave of people nipping in in determined opposition to this system.

This is why we need an actual revolution, not those who front for the oppressors and preach about “reconciliation” with this system—not those who turn to “encircle” them—by bringing forth wave upon wave of people nipping in in determined opposition to this system. People among those who are sickened by the endless outrages perpetuated by this system, need to seize on this to advance the revolution and expand its organized forces. We need to “encircle” them—by bringing forth wave upon wave of people nipping in in determined opposition to this system.

Winning millions to victory in this revolution had been brought into being. The revolutionary situation is clearly emerging, rapidly transform backdoor forces of the revolution into organized fighting forces in key strategic areas, carry out the necessary preparation, obtain the necessary equipment and provide for the basic logistical needs of this revolutionary fighting force to start the all-out fight, while preventing the enemy from crushing the revolutionary forces at this crucial juncture. Back up these core fighting forces with millions more organized into powerful “reserves” for the revolution to “encircle” them—by bringing forth wave upon wave of people nipping in in determined opposition to this system.
