

STOP!

The Patriarchal Degradation,
Dehumanization, and
Subjugation of All Women
Everywhere, and All
Oppression Based on Gender
or Sexual Orientation!

Three Pakistani women who survived acid attacks by their husbands. More than a thousand such attacks happen every year, with many women dying, in Pakistan, Bangladesh, India, the UK, and other countries—a horrific measure of how women are treated as the property of men, who do this to punish women suspected of infidelity, disobedience, wanting to work outside the home, rejecting a marriage proposal, and more.

Pornography—sexualized degradation and objectification of women—fuels a world where millions of women are raped, beaten, harassed, and stalked across the globe. Above: protest in Australia, 2012.

International Women's Day protester with a sign saying "Not one more, I want to go into the streets without fear." Mexico City, Mexico, March 8, 2011.
