

“ Let's get down to basics: ***We need a revolution. Anything else, in the final analysis, is bullshit.*** ”

— **Bob Avakian,**
Revolutionary Leader,
Author of the New Communism

To make this revolution a reality, we need leadership with the scientific method, the strategy and program that can shine a light through the madness and chaos that this system is constantly creating and can lead in carving the path forward out of this madness to the radically new world we need. **AND WE HAVE THAT LEADERSHIP—IN BOB AVAKIAN (BA).** BA is the architect of a whole new framework for the liberation of all oppressed people and the emancipation of all humanity: the *new communism*. **We are followers of BA. And you need to become followers of BA too.** There never has been a leader like this in this country and there is no other leader like this in the world now. We cannot afford not to follow this leadership if we ever want to get free and put an end to this madness.
