Revolution

Let's get down to basics: **We need a revolution — nothing less!**

To everyone who can't stand this world the way it is...who is sick and tired of so many people being treated as less than human...everyone who agonizes about where things are headed and the fact that to be young now means being denied a decent future, or any future at all... everyone who has ever dreamed about something much better, or even wondered whether that is possible...

From "A Declaration, A Call to Get Organized Now **For a Real Revolution**"

If this describes you, we urge you to dig as deeply as you can to contribute to and support the work of the National Revolution Tour at this crucial moment.

** Funds are needed to support the Tour volunteers who come from different backgrounds, ages and parts of the country – **now anchored in Los Angeles and leading a national movement.** Funds are needed for housing, food, transportation, major printing costs to reach people in every section of society – reaching to the high schools, colleges, youth scenes and throughout the neighborhoods of LA.

** Funds are needed to produce and promote **The RNL – Revolution Nothing Less – Show** where we bring alive the need and possibility of real revolution and the emancipation of humanity through commentaries, interviews, powerful illustrated videos and discussions that provoke, challenge and inspire. This requires funding for studio costs, cameras, lights, editing software and the urgently needed national promotion for this unique, urgent and necessary show to reach people all across the country.

** Funds are needed to **contend on social media** – fighting the algorithm to break through and influence people with the truth, not repeating garbage that may be “popular” or spreading the lies we are constantly told by the people in power and their mouthpieces in the media and elsewhere. This requires funding for higher end equipment and professional graphics programs.

This is the world we confront today: White supremacists given the legal right to murder people marching for Black lives. Mobs of crazed anti-science fascists terrorizing public health officials and school board meetings with backing, and funding, by a fascist wing of the ruling class, itself on the march. The right to abortion hanging by a thread forcing millions of women into motherhood against their will.

Millions of immigrants from El Salvador to Syria... Afghanistan to Haiti... driven from countries that have become unlivable... then herded into brutal border camps or sent back to the hell from which they escaped. Fires ravaging California, Brazil, Greece... rising waters threatening millions in Bangladesh... droughts in Sudan... while the system's rulers speed humanity off a cliff with empty promises and more emissions.

It is not exaggeration to say:
The future of
humanity hangs
in the balance.

In this situation, whether this revolution is spread & supported – whether this revolution is able to impact all of society – can make *all* the difference.

The capitalist-imperialist system at the root of this nightmare is in crisis, with deep divisions throughout society. Those who rule are locked in a bitter fight among themselves. As the *Declaration and Call to Get Organized Now For a Real Revolution* says, "...the crisis and deep divisions in society now can only be resolved through radical means, of one kind or another—either radically reactionary, murderously oppressive and destructive means or radically emancipating revolutionary means."

Bob Avakian (BA), revolutionary leader and author of the new communism has made the analysis that **we are in a rare time in a country like this when revolution – real revolution – becomes possible.** He is providing urgently needed leadership for this revolution. This is concentrated in a major new work from BA to be released December 13:

A Major New Work Coming December 13, 2021

SOMETHING TERRIBLE, *OR* SOMETHING TRULY EMANCIPATING:

**Profound Crisis, Deepening Divisions, The Looming Possibility Of Civil War—
And The Revolution That Is Urgently Needed**

A Necessary Foundation, A Basic Roadmap For This Revolution

Because of the work that BA has done, there is a sweeping vision and concrete blueprint for a liberating society based on a whole different morality where the means of getting there are consistent with those liberatory ends, in *The Constitution for the New Socialist Republic in North America*.

And because of the work that BA has done, there is a scientific understanding that the world doesn't have to be this way, that a revolution to overthrow this system and bring into being a whole different emancipating society is possible. More than that—he has forged the strategic approach for making this revolution.

On the basis of this understanding and leadership, the National Revolution Tour is working urgently to seize on this rare time – to spread this revolution and organize people into this revolution.

By donating to the National Tour to Get Organized for an Actual Revolution you have the opportunity to change what direction the future takes.

The mission of the National Revolution Tour is to bring forward a revolutionary people first in the thousands and then in the millions... impacting and influencing all of society... and making Bob Avakian's work, vision and leadership increasingly known and debated.

Volunteers on the National Revolution Tour are on a mission to lead people to confront the dangers, not shying away from the need for struggle and sacrifice... challenging people to raise their heads, lift their sights, and get organized for this revolution. The National Revolution Tour is working to change the entire political and social atmosphere – up against all the passivity and hopelessness, the going for self and settling for meaningless marginal change – where the scientific and generous-minded forces for revolution are growing and contending, giving people backbone and determination to take on the rising fascist forces and join with the revolution to get rid of the whole system of exploitation and oppression. The National Revolution Tour is organizing NOW for revolution – nothing less!

To carry out this mission, to build, spread and have major impact reaching into every corner of society – the National Revolution Tour needs your financial support. Donate generously and help raise funds.
