

Every week, Thursday at 5pm PST/8pm EST, watch The RNL – Revolution, Nothing Less – Show youtube.com/therevcoms

This is a weekly show about the need and possibility of real revolution and the emancipation of humanity. We are not here to repeat garbage that may be popular.
We bring the truth.

“Here is the heart of the matter: Many people—including someone like Martin Luther King—have argued that attempting to carry out a revolution to overthrow this system is suicidal, particularly for Black people in this country—when, in fact, Black people, and masses of other oppressed and exploited people, profoundly and desperately need this revolution. The reality is that such a revolution *can* succeed, but this is possible, particularly up against powerful ruling forces, like in this country, *only in rare times and circumstances*. And here is a very important truth:
This is one of those rare times and circumstances.”
