# NATIONAL PROTEST SUNDAY, APRIL 2

The Russian invasion of Ukraine a year ago was a criminal act. But in response, the far greater criminal empire, the U.S., seized on this to wage a proxy war with Russia. The U.S. has been massively arming Ukraine and providing intelligence and military advisers. The U.S. is using this war to maintain and expand their global domination up against another imperial power—and they are cynically using Ukrainian people as cannon fodder to do so.

At the same time, the U.S. is ramping up threats against China, who the U.S. has called a “strategic” rival.

The rulers of the U.S. say they’re doing this to “defend freedom” or to “help Ukraine.” Bullshit! What the U.S. is fighting for is not “freedom” but control over a global system in which billions of people, especially in the global South, are brutally exploited. To enforce this, the U.S. has invaded, destroyed and dominated more countries than any other empire in history—torturing, bombing, raping and slaughtering millions of people whose humanity counts just as much as yours does. And now they’re all of a sudden interested in “supporting freedom”? Don't believe their lies. Their goal is to stay TOP G—the top gangster at the head of a worldwide system of exploitation and oppression.

This confrontation could spiral out into direct military confrontation, all-out World War 3, that could lead to nuclear war and the extinction of humanity.

The urgent truth from the revolutionary leader Bob Avakian is: **“We can no longer afford to allow these imperialists to dominate the world and to determine the destiny of humanity. They need to be overthrown as quickly as possible.”**

As part of building up the forces to make this revolution, people need to wake up and stand up now. The dangerous dynamics in the world are being set by these rival and contending imperialists... we need to change this, by standing up for the interests of humanity.

**No U.S./NATO War with Russia!  
Stop U.S. Threats Against China!**

**No World War 3!  
It's *This System*, Not Humanity, That Needs to Become Extinct!**

**We Don't Accept *Their* Future—  
It's Time to Get Organized for a Real Revolution**
