AMERICA IS NOTHING TO CELEBRATE

*“...for revolting barbarity and shameless hypocrisy,
America reigns without a rival...”*

**WE DEMAND:
A WHOLE NEW WAY TO LIVE,
A FUNDAMENTALLY DIFFERENT SYSTEM**

1pm, July 4, 2023 • Independence Hall, Philadelphia, PA

The USA is the #1 capitalist-imperialist exploiter and oppressor in the world today. This system is the source of all the outrages and madness that people are subjected to here, and around the world. This system poses a growing threat to the future of humanity. We can no longer stand to live this way.

Let us not cover up the truth, the U.S. was founded in slavery, has perpetrated genocide against Native American people; invaded, occupied, and staged coups throughout the world; dropped nuclear bombs; napalmed farming villages; trained legions of baby-killing death squads; assassinated leaders they didn't like; terrorized wedding parties with drone bombings; and now are bringing humanity closer to the brink of catastrophic, even nuclear, war with their imperialist rivals in Russia and China. And they've lied about every bit of this in the name of life, liberty, and the pursuit of happiness.

Today, this country is being ripped apart. Those who rule are deeply divided. The Republicans on one side are stripping away the rights of women, LGBTQ people, immigrants, and Black and brown people—fighting for an outright fascist form of rule. On the other side, the Democrats, as representatives of this system, can only try to rescue the “normal”—brutally oppressive—way things have been.

Things are coming to a head—careening towards a disastrous future—unless we work and fight for something radically different and truly emancipating.

July 4, join us to demand a whole better way the world could be. This future is envisioned in the ***Constitution for the New Socialist Republic in North America***. This Constitution provides the framework for a revolutionary society moving to *uproot all forms of oppression and exploitation* based on race, class and gender and all relations where one part of humanity is subordinated and dominated by others. It's time to stop clinging to the myth of America and its founding document, the exploiters' U.S. Constitution.

This July 4: which future will you stand for?

Join us in Philadelphia July 4. At the birthplace of America, send the message to the world: **we are fighting for a world *without* America**, without everything America stands for and everything it does in the world. The Revcoms will release an inspiring **Declaration in the name of people here and around the world for a new society on the road to real emancipation—a clarion call for this time when the future hangs in the balance.**
