

2024: WE'RE HERE TO RECRUIT YOU— *FOR THE REVOLUTION*

January 2, 2024

Everywhere you look this system of capitalism-imperialism is crucifying and destroying humanity. From Gaza, Palestine to the Mexican border... from the wildfires ripping across the planet to the gunfire on the city streets of the police against our youth and—all too often and horribly—our youth against each other... from the ignorance and fascist hatred being unleashed against our LGBTQ brothers and sisters to the age-old but now *getting-far-worse* oppression of women—**we need a revolution**. Nothing else—no reform, no “savior from on high”—has solved this, or will solve it.

This revolution has become more possible *now*. But YOU need to act. The people who keep this horror going—the ones at the top of the system, the *ruling class*—are tearing each other apart in a way they haven't since the Civil War. This is coming to a head this year with the elections—with Trump and his maga-fascists on one side, and Genocide Joe Biden and his war criminal Democrats on the other.

Trump says that if *he* wins he'll put Biden in jail. Meanwhile, Trump himself faces heavy charges for the violent fascist coup he tried to pull off last time around. All of this is very likely to come to a head by the election—if *not before*. The clash between the two wings of the rulers can weaken their overall “normal” ability to rule over and repress the people—if **there is a force that is fighting NOT for one side or the other of this system, but to OVERTHROW it altogether**.

We, the Revcoms (revolutionary communists) are building that force. We have the strategy to defeat them—no, they are NOT all-powerful—but we will ultimately need millions to do it. As this system gets more torn apart over the next year, the chance to do that could very well present itself. **But only if you become part of the thousands now who are working to get ourselves, and the people, ready for “our shot.”** Then, as things get crazier, those millions who today may be sleepwalking will be compelled to wake up and take notice, when they see a *real* alternative in our thousands.

We have the leadership to do this, in Bob Avakian, BA. We have the strategy to wield those millions when the shit goes down, including the strategy to meet and defeat the system's instruments of violence and repression. And we have the *Constitution for the New Socialist Republic in North America*, written by BA, for a fundamentally different system and whole new emancipating way to live.

What we are missing is one thing: **YOU**. Get with the Revcoms. **NOW**.
