Stop the U.S.-Backed Israeli Genocidal War Against Palestine! The Palestinian People Must Be Free!

Down With the Racist Apartheid State of Israel and Its Master, U.S. Imperialism!

Stop the Repression, Censorship and Blacklisting of Pro-Palestinian Voices!

From the Imperialist U.S.A. to Palestine The People Need Real Revolution Based on the New Communism!

“**Why is Biden, and basically the entire government and ruling class of the U.S., supporting Israel in carrying out genocide against the Palestinian people, before the whole world? Here is the answer to that crucial question:**

This is not because of “the power of the Jewish lobby”—or because of some ignorant, ridiculous and outrageous notion that “Jews are controlling everything.” It is because Israel plays a “special role” as a heavily armed bastion of support for U.S. imperialism in a strategically important part of the world (the “Middle East”). And Israel has been a key force in the commission of atrocities which have helped to maintain the oppressive rule of U.S. imperialism in many other parts of the world.

It’s the system! The system of capitalism-imperialism that Biden serves. The system he has to serve—the system that anybody and everybody has to serve if they want to hold office, and especially “high office,” like president, within this system. That is why Biden is doing what he’s doing—what all these politicians are doing—above and beyond their more narrow personal interests.

It’s the system! This system of capitalism-imperialism that embodies and enforces white supremacy, patriarchal male supremacy and other brutal oppression— this system resting on ruthless life-stealing exploitation of masses of people in this country and literally billions of people worldwide, including more than 150 million children—all enforced with massive violence and destruction, of people and the environment, posing a very real threat to the future and the existence of humanity.

This system that needs to be overthrown at the soonest possible time, through an actual revolution. ”

What is the legitimate way to fight against the state of Israel, and what is a just solution to all this?

"Revolution
6" post

“ The answer is definitely not to ‘kill off all the Jews in Israel’ or ‘drive them into the sea.’ The answer is *the abolition of the state of Israel, and in its place the creation of a revolutionary state in which the government and the laws do not promote any religion and do not favor one people over another, and instead there is equality between Jews and Palestinians.*

The answer is also definitely not the ‘two-state solution’ being promoted by the Biden administration. Such a ‘two-state solution’ would really amount to nothing more than a powerful state of Israel continuing to occupy land stolen from the Palestinian people, while the so-called ‘Palestinian state’ created with this ‘solution’ would be a bitter joke—a puppet state—merely a patchwork of separated small territories, surrounded and dominated by Israel, with the Palestinian people still subjected to terrible oppression and deprivation.

The answer is that the fight against the state of Israel must be waged on a revolutionary basis, with the goal of putting an end to all oppressive relations and all inequality among people based on race and nationality, sex and gender, and all relations in which one part of society exploits others. And the urgent need is for a revolutionary force to emerge to lead the struggle on that basis. ”
