

2. We Need and We Demand:
A Whole New Way to Live, A Fundamentally Different System:

A new society, and ultimately a world, free from all forms of slavery, exploitation and oppression based on class, race, sex, and gender, all relations in which one part of humanity is subordinated to and dominated by others.

This new system will be based on the Constitution for the New Socialist Republic in North America, written by the revolutionary leader, Bob Avakian.

1. We understand: The system of capitalism-imperialism is the problem we face. It is the source of all the outrages and madness people are subjected to here and all over the world.

And it threatens the existence of humanity in how it's destroying the environment and from the danger of war between nuclear-armed imperialists.

This system can't be reformed, it must be overthrown.

3. We are working urgently for revolution because we are living in a **Rare Time** when revolution has become **more possible.**

The rulers of this country are deeply divided on how to run their system, in a way they have not been since the Civil War in the 1860s. Everything is the election a sharp focus of the fight between the ruling parties, with the potential to break all out of the bounds of the normal way this system is ruled, including the possibility of armed clashes between different sections of the ruling class.

In such an all-out crisis, as the whole direction of society is called into question, and coming up for grabs, millions would be thrust into motion and seeking solutions. The fascist MAGA-Republicans, and the war criminal Democrats (and other forces) will work to lead people in different directions—to newound depths of fascist insanity, or to restore the “normal” of this monstrous system.

In this situation, the forces organized for an actual revolution would need to be led to wage a powerful struggle to determine the whole direction of things. With thousands organized into the tanks in North America, millions can be won to revolution, and with millions won to revolution, there could be a real possibility for this revolution to win.

4. We follow, spread, and fight for the leadership of Bob Avakian.

Our greatest strength in preparing for an emancipating revolution is the LEADERSHIP of Bob Avakian (BA). In timely social media dispatches @BobAvakianOfficial, BA reveals the brutal reality of this system, and brings alive the possibility of a fundamentally different and much better system providing the decisive leadership needed for revolution. BA goes through the world and leads with a largeness of mind, generosity of spirit, and a lively sense of humor.

BA brings the truth that powers-that-be don't want you to know. Putting his voice before millions is critical to bringing forward and training the forces for a real revolution.

“Everything depends on bringing forward a revolutionary people, from among the most bitterly oppressed, and all parts of society, first in the thousands and then in the millions, as a powerful revolutionary force, organized from the start and consistently with a country-wide perspective, impacting all of society and changing the terms of how masses of people see things and how every institution has to respond. Everything must be focused now on actually bringing forward and organizing this revolutionary force.”

Bob Avakian's leadership, concentrated in his social media dispatches is what leads, and runs through our strategic mission right now.

6. We Live and Work Every Day to Apply These 6 Points to Get to the Point Where Millions Can Be Won to Make This Demand a Reality Through Fearless, Determined Struggle:

We Need and We Demand: A Whole New Way to Live, A Fundamentally Different System.

The Existing Capitalist-Imperialist System and Institutions Of Government In This Country Must Be Abolished And Dismantled—And Replaced By A New, Socialist System Based On The Constitution for the New Socialist Republic in North America.

YOU need to become part of this revolution.

We unite and mobilize people to stand up against the injustices and outrages perpetrated by this system and **we organize forces to defend the people** from attacks on their rights and their lives from enforcers and fascist thugs, in and out of uniform.

We wage fierce struggle to break people out of the bullshit ways of thinking and acting they are caught up in—to become **revolutionary emancipators of humanity.**

We develop and train leaders for this revolution who take up the revolutionary road Bob Avakian has charted—applying the scientific method and goal of emancipating humanity he has developed in: *The New Communism.*

We apply—in all that we do—the strategic approach of FIGHT THE POWER, AND TRANSFORM THE PEOPLE—FOR REVOLUTION, to achieve the three prepares: prepare the ground (the situation in society), prepare masses of people, and prepare the leadership, for the all-out revolutionary struggle.
