

Six points from THE REVCOM CORPS For The Emancipation Of Humanity:

How We Are Preparing the People and Organizing Now For A REAL REVOLUTION FOR THE EMANCIPATION OF HUMANITY

1. We understand: The system of capitalism-imperialism is the problem we face. It is the source of all the outrages and madness people are subjected to here and all over the world.

And it threatens the existence of humanity in how it's destroying the environment and from the danger of war between nuclear-armed imperialists.

This system can't be reformed, it must be overthrown.

2. We Need and We Demand: A Whole New Way to Live, A Fundamentally Different System:

A new society, and ultimately a world, free from all forms of slavery, exploitation and oppression based on class, race, sex, and gender, all relations in which one part of humanity is subordinated to and dominated by others.

This new system will be based on the *Constitution for the New Socialist Republic in North America*, written by the revolutionary leader, Bob Avakian.

3. We are working urgently for revolution because we are living in a rare time when revolution has become more possible. There are "Two Countries" Within This Country—And The Whole Damn System's Got To Go!

Bob Avakian made these key points in his social media posts REVOLUTION #102 and #103 after the 2024 election:

This election brings out sharply that there really are "two countries" within this country.

This, in a real sense, is an extension of a fundamental division that has existed since the beginning of the so-called "United States" of America, with its foundation in slavery and genocide—a division which has never really been resolved...

One "country" within this country—those who support *fascism*—demand and celebrate this oppression and madness.

The other "country" wants an end to this oppression and madness—but *there can be no end to it, under this system.*

This division into "two countries" *can find no good resolution under this system.*

The Democrats, and the "mainstream" section of the ruling class that they represent, **cannot fight the fascists the way they need to be fought...**

It is time, and urgently so, for the only positive, *revolutionary resolution* of all this: time to resolve this fundamental divide by *finally and decisively defeating the fascist "country"*—and doing so as part of putting an end to this whole system which has given rise to this fascism, along with all its other atrocities.

4. We follow, spread, and fight for the leadership of Bob Avakian.

Our greatest strength in preparing for an emancipating revolution is the LEADERSHIP of Bob Avakian (BA). In timely social media messages @BobAvakianOfficial, BA reveals the brutal reality of this system and brings alive the possibility of a fundamentally different and much better system providing the decisive leadership needed for revolution. BA goes through the world and leads with a largeness of mind, generosity of spirit, and a lively sense of humor.

BA brings the truth that powers-that-be don't want you to know. Putting his voice before millions is critical to bringing forward and training the forces for a real revolution.

Bob Avakian's leadership, concentrated in his social media messages is what leads and runs through our urgent strategic mission in this moment when fascism can only be finally and decisively defeated through a revolutionary struggle:

Everything depends on bringing forward a revolutionary people, from among the most bitterly oppressed, and all parts of society, first in the thousands and then in the millions, as a powerful revolutionary force, organized from the start and consistently with a country-wide perspective, *impacting all of society* and changing the terms of how masses of people see things and how every institution has to respond. Everything must be focused now on actually bringing forward and organizing this revolutionary force.

5. We Urgently Apply These Crucial Strategic Methods and Objectives:

We organize and actively recruit people into THE REVCORP CORPS For The Emancipation Of Humanity as part of a growing, organized, disciplined, bold and fearless force influencing and organizing the thousands now to become fighters for revolution and followers of BA who can go on to lead millions. Members of THE REVCORP CORPS For The Emancipation Of Humanity live by and fight for the Points of Attention.

We apply this leadership from Bob Avakian as Trump's MAGA fascist regime steams ahead with their program for a fascist country:

There is a need, and there is a basis, to bring forward a hardcore force of revolutionaries who have broken fundamentally with this whole system, which has brought forth this fascism, along with all its other atrocities. People who have gained the scientific understanding—and, on that basis, have the heart and determination—to make the sacrifices that are necessary not only to give leadership and direction to the determined resistance that must be built against this fascism, but also to win continually growing numbers of people to actively work for the revolution that is urgently needed to finally do away with this whole monstrous system.

We work to shake up the whole country—waking people up and changing the way they think about things to win growing numbers to understand the need and possibility for revolution.

We unite with and mobilize people to stand up against the injustices and outrages perpetrated by this system and **we organize forces to defend the people** from attacks on their rights and their very lives. This defense will need to involve many different dimensions: legal and political defense—and defense against attempts to carry out physical attacks on people who are targets of this fascism.

We wage fierce struggle to break people out of the bullshit ways of thinking and acting they are caught up in—to become revolutionary emancipators of humanity.

We develop and train leaders for this revolution who take up the revolutionary road Bob Avakian has charted—applying the scientific method and goal of emancipating humanity he has developed in: *The New Communism*.

We apply—in all that we do—the strategic approach of FIGHT THE POWER, AND TRANSFORM THE PEOPLE—FOR REVOLUTION, to achieve the three prepares: *prepare the ground* (the situation in society), *prepare masses of people*, and *prepare the leadership*, for the all-out revolutionary struggle.

We are determined that this not be a time of demoralization and despair—but a time for righteous anger and revolutionary determination raising the demands:

**IN THE NAME OF HUMANITY, WE REFUSE TO ACCEPT A FASCIST AMERICA!
THIS WHOLE SYSTEM IS ROTTEN AND ILLEGITIMATE
WE NEED AND WE DEMAND:
A WHOLE NEW WAY TO LIVE, A FUNDAMENTALLY DIFFERENT SYSTEM!**

6. We Live and Work Every Day to Apply These Six Points to Get to the Point Where Millions Can Be Won to Make This Demand a Reality Through Fearless, Determined Struggle:

We Need and We Demand: A Whole New Way to Live, A Fundamentally Different System.

The Existing Capitalist-Imperialist System And Institutions Of Government In This Country Must Be Abolished And Dismantled—And Replaced By A New, Socialist System Based On The *CONSTITUTION FOR THE NEW SOCIALIST REPUBLIC IN NORTH AMERICA*.

YOU need to become part of this revolution.
