2025: A New Year—Profound New Challenges—And A Profoundly
Positive Way Forward in the Face of Very Real Horror.**

“...This is not a time for accepting this Trump/MAGA fascism as ‘legitimate’... This is a time for collective action and self-sacrificing struggle for the greater good: the greater good of defeating this fascism...”

“...There is no good reason why the world has to be the way it is...A whole different way of living is possible: a whole different way to organize society, with a radically different economic foundation and political system, emancipating relations among people and an uplifting culture—all of this oriented to meeting the basic needs and fulfilling the highest interests of the masses of people.”
