The Future Is on the Line

Donate to Support the Efforts of Revcom Volunteers and Revcom Projects Nationwide

\$30,000 by September 30

The world is being torn apart. Fascism is consolidating rapidly. Humanity faces an existential crisis.

Millions are desperately agonizing about the future.

They need to know there IS a way out of the madness.

The revcoms, led by the scientific analysis and revolutionary vision of **Bob Avakian (BA)**, are on the front lines with an understanding of **what we're facing, why and what's needed to bring a radically different, and far better world into being.**

And we need funding and resources to do it on the scale necessary. Now is a time to hold nothing back, and to *throw all in*. Every dollar you give supports the urgent fight to defeat fascism and fight for the new world we need.

Here's how:

We revcoms spread the knowledge that, in the words of Bob Avakian, “this fascism has been brought forth by—has grown out of the very soil of—the system of capitalism-imperialism and its development through the history of this country. By its very nature, this system has continually brought forth horror after horror; and only an actual revolution can open the way to finally ending the terrible atrocity and needless suffering constantly caused by this system.” *The National Tour to Get Organized for an Actual Revolution* provides leadership for a force working urgently to unite all who can be united to defeat fascism, and doing that from the standpoint of organizing for a real revolution and a whole new way to live, rooted in the new communism developed by BA.

We revcoms, seeking to act consistently in the interests of all humanity, work to build that unity with an extremely wide range of people and other political organizations... getting into what we're really facing with this fascism and what it will take to defeat it. **We are uniting with and seeking to build the call for millions to amass in a sustained nonviolent uprising in Washington, DC, beginning on November 5, the anniversary of Trump's election, not stopping until the regime is driven from power.**

To rise to this moment, we need YOU. We need your participation, your donation and your efforts to win others to donate.

What Your Contribution Supports

Your donation fuels the **on-the-ground infrastructure** to:

- Get BA's revolutionary analysis into the hands of millions more. Your donation will go to support the national team leading the Campaign to Get BobAvakianOfficial Everywhere—online and on the ground. It will go to printing and distributing materials that reach people all over.
- Support the efforts of volunteers in key cities who are working to mobilize and train people with the understanding needed to see this historic fight all the way through.
- Amplify the revcom message through social media and our website, outreach, and actions that break through the mainstream media and social media noise.
