

We Need and We Demand: A WHOLE NEW WAY TO LIVE A FUNDAMENTALLY DIFFERENT SYSTEM

Instead of feeling hopeless,
will you dare learn the way out?

250 years ago the Declaration of Independence declared "all men are created equal."

Yet the whole history of this country **proves that there can not be equality for all under this system.**

Today, the Fascist Trump Regime unleashes genocidal white supremacy, terror against immigrants, and hatred against women and trans people. Trump shreds rights and imposes an even more brutal, terroristic form of rule.

Yet it is possible to meet people's needs everywhere without savage inequalities and exploitation. It is possible to move beyond war and care for the Earth.

THE SCIENTIFIC TRUTH:
All these horrors flow from THE
SYSTEM OF CAPITALISM-IMPERIALISM.

This system cannot be reformed.
It must be overthrown through
a REAL REVOLUTION.

Relying on the Democratic Party is a loser. They are part of the problem! Electing "progressives" *within this same system is meaningless.*

Humanity needs REVOLUTION and REAL SOCIALISM – a radically different economic and political system, and a transition to a communist world free of all exploitation and oppression.

You've been told to stay away from COMMUNISM.

NO! Past revolutions brought liberating transformations to hundreds of millions. Not surprisingly, these first revolutions were also marked by shortcomings and errors.

Through decades of work and struggle, **Bob Avakian (BA)** has scientifically sifted through this rich experience, advanced beyond it, and brought this together with advances in other fields to forge **the new communism, a whole new framework for the emancipation of humanity.** BA has written the *Constitution for the New Socialist Republic in North America.* This is the only real alternative to the worsening spiral of capitalist destruction.

Now, with society in deep crisis, we are in a time when revolution could be possible.

Now is the time for *you* to step in.

Part of you resists this. If it's true—it demands you leave your comfort zone.

But a bigger part of you knows: If this is real—there is nothing more meaningful you could do with your life.

Come find out why you should become a new communist revolutionary.
